Ho Chi Minh City, December 4, 2020 --- Hitachi Elevator Vietnam Co., Ltd. (“Hitachi Elevator Vietnam”), a wholly owned subsidiary of Hitachi, Ltd. (TSE: 6501; “Hitachi”), today announced that it participated a conference in Hanoi on October 6 hosted by Vietnam Investment Consulting and Construction Design JSC - CDC cooperates with the Department of Science, Technology and Environment and Construction Newspaper. The conference is named “Application on national technical regulations QCVN 06: 2020 / BXD on fire safety for houses and buildings; QCVN 04: 2019 / BXD on Apartment Building and other related regulations.”

The conference was hosted in the presence of high-ranking representatives of state management agencies such as Mr. Le Quang Hung - Deputy Minister of Construction, Mr. Bui Quang Viet - Deputy Director General of Police Department of Fire Prevention and Fighting and Rescue - Ministry of Public Security, Mr. Hoang Anh Giang - Deputy Director of Institute for Building Structures (Ministry of Construction) and many representatives from state management agencies, investors, design consultant companies and other construction contractors.

Akihito Ando – General Director of Hitachi Elevator Vietnam took a commemorative photograph at the conference

At the conference, state management agencies shared new regulations which are effective from July 1st, 2020 to assist investors, consultants, construction contractors in having a full understanding of the practical requirements of state management agencies on appraisal, approval, and acceptance of construction designs, fire prevention and firefighting as well as handing-over of works for usage in accordance with the two new regulations.

Through the conference, the state management agencies expressed a strong commitment to support investors, consultants, construction contractors to guide and clarify issues in application of national technical regulations QCVN 06:2020/BXD on fire safety for houses and buildings; QCVN 04:2019/BXD on Apartment Building and other related regulations.

This is also an opportunity for the investors to meet, exchange & connect with consultants, construction contractors in strict implementation of the regulations issued by the Ministry of Construction as well as a bridge to strengthen cooperation, expansion, connection in business.

At the conference, Hitachi Elevator Vietnam also had the booth displayed catalogues of Hitachi's elevators and escalators, especially firefighting elevators that completely satisfy this two newly issued and applied regulations.

The booth of Hitachi Elevator Vietnam at the conference

Because of strictly satisfying on fire safety standards, Hitachi elevators have been gathering the attention of investors and contractors to use for many big projects all around the country.
